## THE CENTURY DIFFERENCE

**We lead the industry in design and function.**

OUR PRODUCTS HAVE MADE US AN INDUSTRY LEADER THROUGH VERSATILITY, SIMPLICITY AND SIGNIFICANTLY FASTER INSTALLATION TIME THAN OUR COMPETITORS.

Century Headquarters, Summerland BC

Since our humble beginnings, we have grown to be an industry recognized leader in manufacturing quality products. Our success has been built on a long standing history of providing top quality railing systems to the do-it-yourself homeowner, professional contractor and large scale commercial applications.

All along we have never forgotten the reason people chose our product – Quality product at competitive prices. Always.

Available throughout the USA and coast to coast in Canada. Try it for yourself and see how easy it is to make your project a reality.

## GET TO KNOW CENTURY

**Simple to Install. Easy to Enjoy – Always.**

OUR FOUR PRODUCT LINES PROVIDE A COMBINATION OF AFFORDABILITY, DURABILITY AND BEAUTY FOR EVERY HOMEOWNER'S TASTE.

Installing a Century Railing preserves the aesthetic value and striking views of your home. We lead the way by providing the ultimate DIY solution – a distinctive, durable railing system that is guaranteed to provide years of safety, good looks and value.

### Installs in 3 Easy Steps

**STEP 1** Layout post locations, leave lags 1" up from baseplate

**STEP 2** Cut and attach top and bottom rails, secure posts

**STEP 3** Installation  
○ Pickets or ● Glass ● Stairs

CENTURY GLASS SERIES OFFERS GREAT VIEWS WITH A SIMPLE INSTALLATION.

Century Glass Series is the perfect choice for those incredible outdoor views. 5mm or 6mm (1/4") Tempered glass panels offer homeowners a safe, simple and clean option from standard pickets.

PICKET GLASS COMBINATION

OUR PRODUCT LINES PROVIDE A COMBINATION OF AFFORDABILITY, DURABILITY AND BEAUTY FOR EVERY HOMEOWNER'S TASTE.

**SIMPLE TO INSTALL. EASY TO ENJOY**

Century Aluminum Railing Systems are simple to install, durable, and blend with any architectural style. Perfect for both new and existing homes, our custom railings offer the best of both worlds – uninterrupted views and natural ventilation combined with great looks and versatility.

We're committed to being recognized as the DIY industry leader in providing quality railing solutions to the markets we serve, driven by a determined focus on your needs.

**INSPIRED BY NATURE**

At Century, we strive to be the responsible choice. To ensure our products meet our standards for quality and sustainability, we have a wide ranging corporate environmental program that guides every aspect of our product development and manufacturing operations

While every effort has been made to reproduce the actual colour of the product, variations may occur in the brochure printing. These colour samples are to be used as a general colour guide only.

**DURABLE, STRONG AND SECURE**

Our Aluminum Railing Systems are as strong and durable as they are attractive and are designed to be safe. Aluminum railings are up to 40 times stronger than many wood, or vinyl railings.

**COLOURS THAT WORK**

Our products come in 3 standard Century colours, as shown here to complement your fine home or cottage. Fashioned from the highest quality extruded aluminum with long-lasting powder coated finishes, our handrail systems will hold their stylish appearance for decades.

Product and colour may vary; please check with your local building supply location.

**YOU ARE NOT TIED TO ONE RAILING WITH CENTURY**

Century Railings are versatile and you can transition with ease. Century Railing Systems are all designed to fit together so you can install all 3 lines on one deck.

Get the best of both worlds.

**FASCIA MOUNT SYSTEM**

Century Railings Fascia Mount System allows you to expand your deck surface while avoiding penetrating or compromising your deck surface. Also, since it's off the surface of your deck it allows you to shovel that snow off with ease!

**WINDWALLS AND PRIVACY WALLS**

Century Aluminum offers a full line of powder coated aluminum windwalls and privacy walls for your patio or commercial development.

**4" MAXUM POST**

- True 4" wide
- 100% Century compatible
- Contractor approved
- No exposed welds
- Heavy duty construction
- Install with any Century Railing System

**'GRAB-N-GO' WELDED PANEL ALUMINUM PICKET RAILING**

- Panel size: 72" x 42"
- Ultra-easy installation
- Fully code compliant for single and multifamily applications
- Includes support leg
- Made in Canada
- Pickets are welded not riveted

## THE CENTURY WARRANTY
